Colonel James R. Clapper, Jr.
Commander, Air Force Technical
Applications Center
Attention: CC
Patrick Air Force Base, Florida 32925

Dear Colonel Clapper:

I want to express my appreciation to you and your staff for your hospitality during my recent visit. In particular, I appreciate your personal interest in the progress of the MASINT Subcommittee and your substantial commitment to the goals embodied in the Subcommittee's charter. I hope that my briefing and subsequent comments proved informative and useful to your staff, and I am looking forward to a continuing dialogue on the full range of our mutual interests.

As I mentioned during my exit briefing with you, I believe it would be very useful to arrange for a visit to your center by the entire membership of the MASINT Subcommittee sometime during the next six months. I will ask our Air Force member to coordinate the details of such a visit with your representative.

Again, thanks for your interest and support

Sincerely,

Chairman
